Brian Moore Licensing

- Brian is a chaplain at St Anthony North and is on a career path of being chaplain in the Navy. It is a two year journey that begins with licensing from his local church, then ordination through the ABC.
- He is seeking licensing through us. I have been meeting, regularly, the last 3 months with him and can earnestly recommend licensure.
- Attached is a document with his theological paper.
  - Page 1 is why we license as a church
  - Page 2 is our process
  - Page 3 and following are Brian's theological positions
- At the meeting, you will have a chance to ask him questions concerning his vocation , theological positions, and anything else that you might want to know about.

Sexual Harassment Issue - Matt

- We had an issue that came to our attention. I will share a bit about it so that you are aware of the situation and how it has been handled.
- What it brought to our attention is a glaring hole that needs to be addressed by creating a policy for our staff.

90 day sprints - Angie

- We have 3 new 90 day sprints to share that we will be working on from Feb-April.
- Angie will send the documents you need.
