

Knowing

1. *Read this quote from the video "It's not just to know the Bible but that you might experience the life-giving relationship that comes in knowing the God of this Bible."* How could or does reading the Bible help you know God?
2. *Read Hebrews 4:12.* Have you ever experienced a time when something from the Bible felt like it was speaking to you personally? If so, describe it as best you can.
3. If God spoke to you personally today, what would you want him to help you with?
4. Is there a way this week that you are willing to spend time reading or listening to the Bible and if so what specifically does that look like?
